

Financial Aid 2010–2011 School Year

Bradford Christian Academy uses the services of an independent organization, FACTS Grant and Aid Assessment, to determine a family's need for financial aid. Financial aid decisions are made on the basis of parental financial need and availability of funds. The financial aid application process begins January 4, 2010 and forms must be submitted by April 30, 2010. Notification of financial aid decisions will begin in March. Financial aid is awarded on a first come, first served basis, therefore you are encouraged to submit your completed application as soon as possible. Admissions applications should be submitted simultaneously with the financial aid application to ensure the availability of a class position upon acceptance. Bradford Christian Academy's admission decisions are made independent of the financial aid process.

If you would like to apply for financial aid, please go directly to the FACTS website, www.factstuitionaid.com, to submit an application on-line, or call BCA at 978-373-7900 to request that a financial aid application be mailed to you. You are encouraged to apply for financial aid on-line because of the expediency of the process. There is a \$20 non-refundable financial aid application fee payable to FACTS Grant and Aid Assessment. Families will need to re-apply for financial aid each year
